

# RB: Trade Association Membership 2019

## Our RB Values

At RB, we exist to protect, heal and nurture in the relentless pursuit of a cleaner and healthier world. Our compass sets out the new values and behaviours for our business. At its heart is the goal of always doing the right thing with clear principles around putting consumers and people first, seeking out new opportunities, striving for excellence and building a culture of shared success. Our compass will guide us to sustainable growth in the future.

RB's Code of Conduct ensures that employees and contractors across the Group have a clear understanding of the principles and ethical values that RB promotes.

As a company, we are committed to carrying out business in accordance with the highest ethical standards. This includes complying with all applicable laws in the countries in which we operate.

## Political Donations

Political donations Authority is sought each year from Shareholders, on a precautionary basis, to approve political donations and incur political expenditures in accordance with the requirements of Part 14 CA 2006 as the definitions in the Act are broad. No political donations or expenditure of the type requiring disclosure under s366 and s367 of CA 2006 were made in the year ended 31 December 2019 nor are any contemplated.

RB publicly discloses this information in the 2019 Annual Report, page 140 and in the Responsible Advocacy Policy page 4, Section 7, Political Activity <http://www.rb.com/media/3684/rb-advocacy-policy-10-december-2018.pdf>. This policy introduced a prohibition against political donations being made by RB; thereby resulting in further amendments to the RB Code of Conduct and Anti-bribery policy being required.

## Trade Association Memberships

We are a member of health, hygiene, home and nutrition (including the Infant and Child Nutrition business) focused trade associations across the globe. RB's membership is annually reviewed (by our Group Ethics & Compliance department) and published as part of our Sustainability reporting and on our website (including total related global expenditure).
